

Electrical and Electronic Equipment must not be disposed of with general waste when it reaches the end of its useful life (E-Waste) as it may contain substances that could harm the environment if not handled and treated correctly.

Holders of E-Wastes must ensure they are collected for appropriate transport and treatment to minimise damage/pollution to the environment.

As part of our Extended Producers' Responsibility (EPR), we have established a collection mechanism with a specialist recycler to manage any Kodak Alaris e-waste arising in India.

This EPR Plan ensures Kodak Alaris India complies with the E-Waste (Management) Rules, 2016 and E-Waste (Management) Amendment Rules, 2017.

EPR Plan

Brief on General Scheme of Collection:

We have partnered with **TES-AMM (INDIA) PRIVATE LIMITED**, Recycler registered with Tamil Nadu State Pollution Control Board for the environmentally safe and sound management collection and recycling for all of our e-waste.

1. It is part of our agreement that **TES-AMM (INDIA) PRIVATE LIMITED** collects e-waste from the collection centers and carry them to the **TES-AMM (INDIA) PRIVATE LIMITED** plant in environmentally safe and sound manner for the proper recycling of e-waste.
2. **TES-AMM (INDIA) PRIVATE LIMITED** have all the authorisation related to e-waste dismantling and recycling from Tamilnadu SPCB and having all connects related to air/water/hazardous waste. Their total processing capacity is 47040 MT/Annum. The capacity allotted to the plant setup in Chennai (Tamil Nadu) is 30,000 MT/Annum

TES-AMM (India) Private Limited will be our Logistics Partner as well for collection and safe and sound transportation and handling of e-waste.

As per our agreement with **TES-AMM (India) Private Limited**, if any customer wants to handover their old product they can reach out to us on our **Toll-Free No. 1800 22 8989** and register themselves.

Once registered, request for the pick-up will transferred to our Logistics Partner.

The **Toll-Free no.** will be provided in the product brochure and on the marking stickers also.

During the collection of the e-waste, Customer will be provided with the receipt with the product description that can be used to gain the benefits of our E-Waste Policies/Schemes

Details of Collection Centre:

The collection centres meant for collection of material from end user and channelising the same through our E-Waste management partner **TES-AMM (India) Private Limited**. We will update CPCB time to time detail of our collection centres/Services centres expansion PAN INDIA.

DOs

- ✓ Follow the instructions for proper handling of end-of-life equipment in our catalogues
- ✓ Make sure that your electronic products are recycled only by authorised recyclers or dismantlers.
- ✓ Consult your nearest TES-AMM collection Point for disposing products that have reached end-of-life.
- ✓ Drop-off used Mobile Phones, batteries or any accessories at the nearest TES-AMM Collection Point at your cost.
- ✓ Separate the packaging materials from the electronic products as per safe waste disposal options.
- ✓ Protect the glass surface of any electronic product to avoid breakages in transit.

DON'Ts

- Never dismantle any electronic products yourself.
- Never dispose electronic products in bins having 'Do Not Dispose' sign.
- Never sell or give E-Wastes to informal and/or unauthorised sectors like local scrap dealers/rag-pickers.
- Never dispose your electronic waste together with municipal waste as they could end up reaching and contaminating landfills.

Flow Chart of Channelisation:
