## ScanMate

i940 Scanner

## Simplicity at your fingertips.

The only thing worse than data trapped on paper is information trapped in your computer. With the **Kodak ScanMate i940** Scanner, collecting, managing, and distributing information is simple.

Smart Touch functionality replaces complicated multi-step scanning processes with one-touch simplicity. So, you get compact with a huge impact.

Create email attachments, picture files, and searchable PDFs — and get your documents to the cloud, so they can be accessed wherever you are.

And, the USB-powered capability lets you bring all this functionality with you, wherever you go. Capture, process, and send information effortlessly.

Free your information and your base of operations with the **Kodak ScanMate i940** Scanner.

### 10 great things you can do with the Kodak ScanMate i940 Scanner to get ahead.

- |                          |   |
|--------------------------|---|
| <b>Save time</b>         | Smart Touch performs multiple-step scanning and organizing operations automatically   |
| <b>Save space</b>        | Compact, highly portable scanner takes up less desk space   |
| <b>USB-powered</b>       | The power of a desktop scanner meets the flexibility of a mobile scanner  |
| <b>Office friendly</b>   | Compatible with most scanning software  |
| <b>Make great images</b> | Perfect Page document imaging is built in — for great images with bright colors and crisp text  |
| <b>Scan it all</b>       | 20-sheet automatic document feeder handles business cards, ID cards, and embossed hard cards  |
| <b>Stay in contact</b>   | Easily edit and synchronize business card information with your contact applications  |
| <b>Get peace of mind</b> | The three-year limited warranty supports our commitment to superior workmanship   |
| <b>Remotely manage</b>   | Available <b>Kodak</b> Asset Management Software allows for remote management of select <b>Kodak</b> Scanners on your network (visit <a href="http://kodakalaris.com/go/AssetManagement">kodakalaris.com/go/AssetManagement</a> ) |
